

## **Adhering to the ISDA March 2013 DF Protocol Master Agreement (DF Protocol 2.0)**

Adherence to DF Protocol 2.0 is a three step process:

**Step 1** - Complete and submit the adherence letter at: [ISDA March 2013 DF Protocol](#)

**Step 2** - Submit your DF Protocol 2.0 Questionnaire using the Markit ISDA Amend tool at: [ISDA Amend](#)

**Step 3** – Match with Deutsche Bank AG and/or DB Energy Trading LLC using the Markit ISDA Amend tool

The adherence process is the same as the process that you followed to adhere to the ISDA August 2012 DF Protocol.

Please **adhere to DF Protocol 2.0 by June 17**, to avoid any disruptions in trading CFTC regulated swaps, foreign exchange swaps and foreign exchange forwards on or after July 1, 2013, the effective date of many of the CFTC Swap Documentation Rules that are addressed by DF Protocol 2.0.

Please contact Deutsche Bank at [df.protocol@db.com](mailto:df.protocol@db.com) if you have any questions concerning the adherence process. Thank you.
